

Broan-NuTone® Introduces the Ultimate in Modern Convenience with ChromaComfort™ Color Changing Light

Consumers can now enjoy excellent sound AND vibrant color from their Sensonic™ Stereo Bluetooth® speaker

HARTFORD, Wis. (February 22, 2021) — Whether you're an early riser or a serial snoozer, [Broan-NuTone's Sensonic™ Stereo Bluetooth® speaker with ChromaComfort™ color changing light](#) is making mornings a whole lot brighter.

As the only multi-color LED ventilation fan with a Sensonic™ Stereo Bluetooth® speaker, this new fan is designed to give consumers ultimate control. In addition to providing excellent sound and vibrant color to match, this fan is fully customizable. Users can adjust light settings and brightness, set timers, or create scenes with their favorite colors and music using the included wireless wall control or via their Bluetooth® connected device.

“We recognize that consumers are really coveting their “me-time” right now,” said Edwin Bender, VP of Marketing Broan-NuTone LLC. “For many, sneaking in a hot shower or escaping to a long bath is a little luxury, a reprieve from manic mornings and extra-long days. ChromaComfort elevates the daily routine, giving consumers permission to soak up their surroundings and create a custom experience right in their own homes.”

The ultimate in convenience, the Broan-NuTone ChromaComfort™ with Sensonic™ Stereo Bluetooth® speaker ventilation fan includes:

- Fully customizable 24-color LED light with more than 16 million color themes
- 110 CFM at 1.5 sones for powerful, quiet ventilation
- Roomside installation with EZDUCT™ connector for fast installation without the need for attic access.
- ENERGY STAR® certified

Available now, exclusively at select Home Depot Stores on the Smart Home Innovation Endcap, the Broan-NuTone ChromaComfort™ with Sensonic™ Stereo Bluetooth® speaker will become widely available in May 2021. For more information, visit www.broan-nutone.com
